

# Frontend Developer & Multidisciplinary Designer

Hello! I'm Seryozha Okhta, I transform messy datasets into clean visual communication that educates and enlightens. My goal is progress through clarity — conveying ideas effectively by converting complexity into meaningful simplicity.

Age: 27

Hometown: Saint Petersburg

Tbilisi, **Georgia** 

My website 

My github 

## Professional Experience

- Developed website on first poet in history — Enheduanna (<http://www.enheduanna.space/>)
